

Visits with Pastors/Leaders of diverse churches who actively desire to have Kingdom impact, therefore doing ministry that motivates others to grow spiritually.

COMMON Strategies in being cause for growth in God's kingdom	RESULTS which have been seen or are anticipated
Disciples making disciples (small groups &/or Bible studies are active among many; emphasize evangelism)	People become do-ers; example—many volunteer chaplains minister in jail & nursing home; people get excited as God's ambassadors (2 Cor. 5:20)
Leadership- & people-development (worship leadership, greeting people, non-pastor chaired teams)	In a prison church, the pastor from outside had 4-month COVID absence, so inmate-leaders led; Pastor "pushed" (encouraged) vs. "pulling"
Warm, inviting, seeker-sensitive atmosphere.	This is always the right thing.
Active and engaging locally & regionally (available to the community, community leadership, business & community connections), with the ultimate purpose of shining the Gospel	Unlikely partnerships with community leaders & businesses occur, which open doors for the Gospel
Active and engaging globally	More passion as "workers in the harvest fields"
Relevant, helpful, connectable community services	Meeting felt-needs...>> Meeting spiritual needs
Intentional & thoughtful in offering engaging worship	Congregants are interested in inviting others.

UNIQUE Strategies in being cause for growth in God's kingdom

RESULTS which have been seen or are anticipated

Authored books, Gospel tracts, greeting cards, and devotionals (evidence of their passion for seeking growth)

Has "opened doors" due to its personal touch

Community leadership—church people on city council, erecting & donating/sharing facility with a town, pro-town/pro-city.
Continually asking: "Would our city miss us if we weren't here?"

Relevant to the community's people; cause for positive changes (in part caused large numerical growth for a church)

Church name change; well-done Billboards tied to relevant teaching themes

Better branding in part caused 20% numerical growth in one year

Contemporary, charismatic Catholic mass

Some Catholic believers, especially younger adults who come, feel motivated to invite others.

(input of a Mormon friend; theology & scriptural authority very different)---emphasis placed on church education, & follow-through (missionary service, other) in applying what is learned

World-wide, there has been a 50% increase in Mormons from year 2000—2022.

As if its part of its "DNA," a church has always been good at youth ministry. So, they capitalize on this with resources: 1) Wednesday night youth groups (6th-12th grade) 2) Jumpstart (breakfast & good beverages Friday mornings (8th-12th grade)

80 attend worship, BUT regarding youth ministries: 1) 65 come to Wed. nights; special events draw over 150. 2) 84 come to Jumpstart during school year—many not of church 3) 21 believers baptisms within several months in a traditionally infant-baptism church

Invest in and improve on-line worship and ministry

Besides facilities, an on-line "campus" of 500
